Description

In the Book of Judges Israel faced many enemies and suffered many defeats, but also experienced various deliverances through the grace and power of the Lord.

J. T. Mawson looks at Israel's enemies recorded in Judges as "types" of the enemies that we face as Christians. From the lessons learned through studying these we can experience how to overcome: The World, The Flesh, The Devil, Earthly Things, and Carnal Religion.

This is a very helpful, instructive and inspiring book for young Christians but also contains much rich teaching that will refresh and encourage the hearts of older ones as well.

Let us take up the challenge to be overcomers.
