Description

When the “Jesus Revolution” movement swept through North America in the latter part of the 1960’s and early ‘70’s, thousands upon thousands of young people were saved in an unprecedented awakening. While hippie culture, drugs, and political unrest raged, a stirring of the Spirit moved many to proclaim Jesus Christ for the forgiveness of sins, and as the one and only way to heaven.

This true story chronicles the testimony of Brian and Kim Reynolds, who were among those transformed during this astounding period of revival. Their experiences recorded in these pages, testify to the amazing grace of God who never stops moving to bring souls from darkness into light.
