Description

Description: Three Addresses on The Lord's Return
It has been thought advisable to print these addresses as they were delivered. Only verbal corrections have therefore been made. The addresses were very simple, in accordance with the object the speaker had in view. But should the Lord deign to use these simple words to revive in a single heart the expectation of His return, His servant would unfeignedly rejoice. To His blessing they are earnestly commended.

62 Pages - Paperback - Author: Edward Dennett
